The unfamiliar place

(before I start I do any kind of story either it would be angst, Romantic, NSFW or anything else I'll do it :3 Welp begin to read the story)

You wake in a middle of nowhere. You tried to stand up but you just fell back down to the ground you tried to remember what happened but all you could remember was having a party with your friends and getting so drunk cause of it. You just layed down on the ground until you heard voices coming closer to you, you crawled to hide behind a tree and you took a little peek on who was talking, then in your surprise you see a person with the Philippine flag on their face talking to this other person with an American flag on their face, you stayed quiet and keep on watching them until they decided to leave and go back. You decided to follow but you still having your hangover fall on the ground again catching the attention of on of the flagged faced person, they went to you and asked "Are you okey??" you nodded you looked up to see the person with the Philippine flag on their face looking so worried at you. They helped you get up and told you, you can stay at their house for a bit until your hangover is gone.

(A few minutes of walking)

After along walk through the forest you guys finally got to the house, the one with the Philippine flag sat you down on the chair while the one with the American flag grab you some water they then stared to ask you some things but you said "s..sorry..im just really tired..but I'll answer your questions when i feel better okay?.."the Philippine flag just nodded at you and went upstairs. The one with the American flag stayed with to keep watch that you wouldn't just go back off your word, you lay down on the bed and start to drift of to dreamland.

(Next morning)

You were starting to wake up but then once you have open your eyes the first thing you saw was this guy with a Russian flag for a face staring closely into your face almost as if they wanted to kiss you, you freaked out and unwillingly slapped the guy. The Russian flag was shocked and just stared at you, before he could say anything you saw another familiar flag which was Japan you just sat there confused of whats happening then the Philippine flag just came in and asked "So where do you came from? ".

(This is the beginning of the story. Hope you liked it even if I'm bad with grammar)

Getting Along

(Le oof)

The Philippine flag looked at you and asked "Where do you come from?" you looked at him with a confused face then the American flag said "well you just seem way different than us.." you looked down and just tried to remember then you remembered what county you lived in you looked at the flags and said " I came from the Philippines.." The flags got shocked and looked at the person with the Philippine flag, You asked them what was wrong but they didn't answer you the one with the Japan flag asked you "How about your name?" you looked at him and answered " My name is Y/N how about you guys?" they introduced them selves and soon Philip the one with the Philippine flag went out of the room to get the breakfast ready, all the other flag followed except Ruski the one with the Russian flag. You assumed that he might want you to say your sorry for slapping him, but when you were about to say it, he looked really closely at you making you flustered/shocked at the same time he keeps on getting closer to your face so you decided to close your eyes then you felt a pat on the head and once you looked up at him he smirked at you and left the room, you were so confused you say in your head *W.. What was that about!?!.. Is that suppose to be a test!?!.. * you just give out a small sigh and decided to go down stairs but you went in the bathroom first since you need to wash your face/mouth.

(Downstairs)

You finally went down stairs once you got there you saw a person with a Canadian flag and a Ukrainian flag just sitting on the couch cuddling each other, you just decided to walk to the kitchen where Philip was cooking, you smelled the food and it smells so tasty. Philip noticed you and grabbed a slice of the food and asked you " You wanna try? Y/N?" you nodded and went straight for the bite once the food was in your mouth it tasted really good and you

couldn't help your self but want to taste it more but Philip isn't allowing you anymore since its not finish yet, you gave Philip that fine look on your face and you decided to go back to the living room and sit down on the couch where Ruski, Ame, the one with the Canadian and Ukrainian flag were sitting, As you sat down the one with the Canadian flag introduced herself and the Ukrainian flag "Hi I'm Nada and this is my boyfriend Raine" You smiled at her but suddenly you noticed that Nada is surprisingly bigger than Raine but you just ignored it since you didn't want to sound rude or something, you guys were watching a TV show then suddenly someone shouted "HEY GUY'S! BREAK FAST IS READY!" which everyone quickly got up and went to the kitchen.

(After breakfast)

Everyone was done eating and you helped Philip clean the table and wash the dishes that's when Philip said "so you came from Philippines? " you nodded "Hm..will try and figure out if either your from here or from a different universe" Philip give you a passionate smile, you and Philip finished washing the dishes so you just decided to go backup to the room you had, you entered the room and just face plam your head on the bed you were about to sleep when you suddenly someone knocked at your door, you just said " Come in.. "the door opened and Ruski was there he just told you " Get ready tomorrow since we will be going out to the park"you just nod and he left the room, you then sleepth to dream land.

(Morning)

You were woken up by a knock on your door you open the door and it was Nada she gave you clothes to wear and told you to be ready in 5 minutes then you remembered about what Ruski told you last night so you went straight to the bathroom and prepare your self.

For boys:

After getting ready you grabbed the clothes that Nada gave you it was a hoodie with a Canadian flag on the side partnered with ripped jeans.

For girls:

After getting ready you grabbed the clothes that Nada gave but you

suddenly notice that it was a very pretty dress in a baby blue kinda color partnered with a very black leather jacket.

You were finish on fixing your self so then you decided to go downstairs, once you got downstairs everyone was already except you, you said sorry to everyone since you were the slowest one they all just smiled at you and went on the way to the park.

(At the park)

You guys arrived at the park but you guys didn't stick together you being with Japan and Ruski, Philip being with Ame, and ofcourse Nada and Raine are together. All will be meeting each other in the parking lot after sundown, You were walking with Ruski and Japan when you suddenly noticed an ice cream truck you really wanted one but you remembered you didn't have any money so you just let it go, Ruski noticed it and asked you what flavor you wanted, you gave Ruski a confused looked he told you to hurry up before the ice cream truck leaves, you told him (Insert Fav ice cream flavor) , he nodded and went to buy the ice cream, Japan told you to sit down on the bench while waiting for Ruski, Japan looked at you and asked "Have you gotten in a relationship before" you were shocked and then you suddenly remembered something you were in a relationship you boyfriend/girlfriend was a cheater and was only using you, you started to tear up which made Japan very worried he kept on saying sorry and that you don't have to answer if it's personal you gave him a sweetly smile which made Japan blush a little bit, Ruski then arrived with your ice cream and noticed you were crying, he gave you your ice cream and immediately asked you " what did Japan say to you ?" Japan was shocked and said he didn't do anything bad then Japan and Ruski started to argue, you felt uneasy so you just walked away to look for the others, you were really fast at walking so Ruski and Japan didn't even notice you were already walking away, you kept on walking while eating your ice cream then you heard someone shout your name you looked around just to see Ame and Philip going to you And asked "why aren't you with Japan and Ruski?" you expalained to them on why you left Japan and Ruski, ame gave a big sigh and said sorry for their actions, you gave him a sweetly smile "It's fine" he smiled back at you and just made you come with them.

(let's time travel since I'm lazy)

It was already the end of the day so the three of you decided to go to back to the parking lot, once you guys got there Japan hugged Y/N so tightly while asking "where were you!? We were so worried " you told Japan you were with Ame and Phil, Ruski then came to you and give you a glare and told you to never leave without saying ever again. You promised and then everyone left to go home.

(At the House)

Everyone went inside but you were suddenly pulled outside again by Ruski, he's still glaring at you, you gave him a serious look and asked "what is it? " he then yelled "WHAT IS IT!!? the thing is just you made me so f***ing worried today!!" you were shocked, he keeps on yelling "You idiotic stupid.. Little f***ing-" he stopped when he noticed you were tearing up, he then panic and gave you hug and told you his sorry, while hugging you he said "just.. Never leave like that ever again.. " you nodded and he gave you a kiss on the forehead and walked inside, you told everyone that you would go to sleep early since your tired. You went upstairs to change and then went to bed and fell to dream land.

(that's all)

First Kiss

(this is probably gonna be a weird chapter.. But yeah..)

Few months passed by ever since you got here, but you still wonder how you got here in the first place. You went back to the forest where you were first found, but nothing was there it was just normal trees and bushes, but you did come upon a very familiar book you took it and brought it back at the house. As you came in the house you see Ame and Japan sitting on the sofa, they asked you where you have gone, you said just went for a walk and immediately went upstairs that left the two countries confused. You went to your room and started reading the book at first sight it kind only looks like a diary but once you read what's inside.. It's something else, the book were full off magic like spells and you suddenly came upon a magic portal that could bring you to a place very much unknown, after reading a few chapter Russia went inside your room and that shocked you, out of fright you hide the book behind you which made the country right in front of you very confused, "what is that?" he asked..you said nothing and kept on just being quiet,he then said in a very frustrated voice "show that to me Y/N.." you shock your head making the Russian country get more frustrated, out of frustration the country just went up to you and tried to grab the book that you are currently hiding, but you still refuse he then said " give it to me or else I'll kiss you" with him looking straight at you, you two were already face to face out of nowhere you just suddenly said " try me.. " the Russian country gave you a smirk and kissed you passionately, you felt like you should've pulled away but he's grip on you is very much strong, after a few minutes you two broke apart from the kiss leaving a bridge of saliva still connecting you two, you pushed him off but he didn't care he gave you a huge smirk and said " Мой(mine) " you looked at him very frustrated and flustered at the same time, you were so angry you could've punch him in the face but he left the room before you could do anything. You lay back down your bed and just thought why he did that.. You immediately remembered about the book, you looked for it but it was gone you then realized

Russia could've gotten it so you went rushing into Russia's room and asked for the book, Russia then gives you a very confused look and says "book?... I didn't grabbed anything from you" you gave him a very frustrated look and kept of yelling to give the book back, Russia then pulled you in he's room and covered your mouth and told you to shut it the others might hear, you tried to free your self but it was no use Russia is giving you a very strong grip, after a few seconds he then said " just stay quiet and I'll let you go" which you nodded. He let you go and you went gasping for air he said sorry about that you just gave him a frustrated look. ..you asked him to return the book but he's response were the same as the first one he didn't have the book, you said fine and just left Russia's room very frustrated as you were about to go back to your bedroom you see a shadow in the middle of the corridor you stared at it but it's just peach Black, the shadow suddenly started walking close to you which made you step back a little, then out of nowhere the shadow figure just sprinted straight at you, you suddenly got frightened and run downstairs you saw Phil in the kitchen and immediately went to him, once you got to the kitchen yelling Phil's name you told Phil about the shadow figure thing chasing you but when the shadow figure went to the kitchen which they were lighten by the light it was just Ame in a very black monster costume. He went in the kitchen lauging he's a** off he said " you were so scared!!.. You should've seen your face what a scaredy cat" you grip your hold to Phil's T-shirt and that grabbed Phil's attention and saw you were tearing up and immediately told ame to stop, Phil brought you to the living room and sat you down on the sofa and told you to wait there, while you were still sobbing you heard foot steps going down the stairs it was Nada and Raine. Nada looked at you and immediately hugged you and asked you why you were crying.. Phil then went in the living room carrying a glass full of water and told Nada about what Ame did and Nada immediately gave Ame a very dissapointed look, Ame then said "what I didn't know Y/N would be so scared" which Nada responded "well it would be better not to scare anyone" and they started to argue there. Phil went to you and gave you the water and asked if your feeling alright, you nodded. After a few minutes Phil then brought you back to your room to sleep once you guys reached the room Phil was about to leave you but you told him to stay with you Phil asked you why and you told him your scared Phil then gave you a passionate smile and told you

he will stay in your bed side all night he grabbed a chair and sat there you then went straight to bed but before you fell asleep you gave Phil a big smile and you see him smiling at you back, you then started to drift off to sleep.

(a few minutes later)

in Your dream

You woke up in a party with some people calling you "Y/N !! Y/N!! " you were so confused then with a blink of an eye all of the people were gone and it was just you, you started walking until you came upon a book " this looked familiar" you said you opened the book and immediately the spell you see is the same one in the book you found earlier you said the spell and then a huge portal and sucked you in, you closed your eyes cause it was bright but once you opened them you see yourself falling from the sky you were scared you just kept your eyes close and then you landed on the ground ,which woke you up from your dream or would you even call it a dream... Phil looked at you and asked "what's the matter?.. " you gave him the frightened look and he immediately just gave you a hug.

(that's all for now)

(and yes Russia is the first one to make a move)

Meeting the ASEAN

You woke up and got out of bed, you went straight to the bathroom to get started with your day, even though it's a new day you can't help but wonder.. Why did he do that... , it's not like there's something special about you. I mean you just magically appeared out of nowhere in this world in the cause of a weird magic. You went down to see the others but once you got down there the only one you saw was Philip talking in his phone, you didn't wanna bother him but you did over heard their conversation, you've heard that Philip is going out to meet some old friends. Once Philip was done he turned around and saw you he greeted you with a smile and said "I'm going out for a while wanna come? " you immediately nodded, he smiled and you two went out side and started to walk through the forest.

AFTER A FEW MINUTES OF WALKING

You guys arrived at the front of a big house, Philip rang the doorbell and as you guys were waiting, a guy with an Indonesian flag opened the door. "Hello indo" Philip said to the other, Indo smiles happily and hugged Philip not long after a girl with the Malaysian flag comes out, She saw Philip and immediately hugged him aswell, once they all let go from the hug the Malaysian one asked Philip "Um.. Philip who's this? " pointing at you, Philip then started to introduce you to them. They then invited you guys to come in and sit, not long after you came in you see alot of other people?.. They all have flag designs on their faces.. There's Singapore, Vietnam, Thailand, Brunei, and lots more.. Philip then pulled you and introduced you to every singel one of them (since I'm lazy TvT) , Philip tells you to hang out with some of them and you just nodded, you didn't know who to talk to first but you decided to talk with Singapore, you walk to approach Singapore who is currently in the living room sofa watching tv, you sat down and say Hi to him but he didn't respond so you didn't bother and just watched whatever he was watching, a huge awkward silence came in between you two and you decided to break it by asking

"so... Your Singapore right? " he just nods in response for your question, you began to ask him more and more questions but for all the questions you asked its just the same response, so you decided to look for a different person to talk to, as you stood up to walk out of the living room, he says "I just don't talk much..okey?.. Don't think that I don't appreciate your company" you were suprised of what he said , you gave him a sweet smile and went out of the living room, you decided to go to the balcony so you climb up the stairs and once you've reached the balcony, you felt the fresh air just passing by, not long after you heard someone from behind "Is this place only for one?" you looked back and you see Vietnam there, you tell her no it's fine to stay, she went next to you and started to ask " so.. How are you? " you said your good "that's nice..mind telling me how you got here? " you looked at her in a confused look telling her that you still aren't sure, she nodded and you two just talked about other stuff.

A FEW HOURS PAST

You and Philip are going back, Philip asked you if you had fun and you nodded in response, he smiled happily. You guys arrived at the house and you went straight into your room and sleep.

FEELINGS

(Yup here we go!!)

DREAM

It was night and you're in the middle of the field, you looked around just to find Russia sitting down on the ground, looking up at the sky, you went up to him and he immediately noticed you **"Sit down with me Y/N"** he says, you quickly sat down next to him, he gives you a sweet smile and went back to looking at the sky, you didn't know but looking at him made your heart pound faster, you clenched your chest which Russia noticed, he asked you what's wrong **"my heart.. It's.."** before you could finish your sentence Russia pinned you on the ground which made you gasp, you looked up at Russia who is staring straight at you breathing heavily. **"Um.. Russia?"** you said while blushing a bit **"I-I need you.."** you looked at Russia with a confused look, Russia then grabbed your chin and kissed you forcefully, you tried to push him off but you couldn't, you then felt his hand suddenly getting lower from your chest to your stomach and- **AHHHHH**, you suddenly woke up, you gasp for air and you suddenly heard lots of footsteps from outside your room the door opened and you see Russia, Philip, Ame, and Japan. They all went up to you quickly and asks you what was wrong you breath in and out then told them you just had a Nightmare? Dream? You couldn't tell, they then sighed in relief **"I thought we were about to fight a huge monster or something"** Philip said, Ame chuckled on what Philip said **"are you serious right now Phil..haha"** Ame said, Philip being frustrated and just pouted **"hmp"**, you giggle at them reliving yourself then Russia sits down on your bed side **"so mind telling us about this dream/nightmare thing??"** Russia asked and which made you blush, you then made excuses for them to leave the room which you successfully did, once they were all out of the room you slammed the door and locked it to prevent them from coming back in, you sat down on your bed thinking about the dream you started to be flustered thinking about it, you covered your face with the pillow and screamed making it sound more muffled

MOMENTS LATER

you heard a knock "**hey Y/N breakfast is ready**" it sounded like Russia "**yeah.. I'm coming**" , "**I'm not leaving the front of your door unless your with me.. That's what Phil said**" Russia said a little frustrated, you chuckled and you went to your wardrobe to get some clothes.

Girls:

You went for the shorts and the tank top one.

Boys:

You went for the white T-shirt with the Philippine flag on the back and shorts.

A few moments of preparing

You opened the door to see a frustrated Russia looking at you, you looked at him with the sorry look and he sighed "**just come on**" Russia said angrily while walking down stairs, you closed your room door and went down stairs aswell you went straight to the kitchen and once you got there you see everyone there you sat down on one of the chairs you got a plate and Philip then put sunny side up eggs and hot dogs which was your favorite breakfast. Everyone prayed and as soon as the prayer ends you went straight to eating.

AFTER BREAKFAST

you were in the living room alone just reading a book you then heard footsteps coming in the living room you looked up to see Russia standing there, he went up to you and sat on the sofa next to you which for some reason made you blush you ignored him and kept on reading "**what book are you reading?**" Russia said leaning towards you to see the book, you blushed "**oh-um.. Different worlds..**" you said, Russia nodded "**interesting book isn't it?**" he said which you quickly nod, you didn't know why but for some reason him interacting with you made you flustered, you were caught off with your thoughts but then you heard someone yelled your name "**Y/N!!**" which you quickly responded "**Y-yes?**" you turned around to see Russia looking at you with a worried look on

he's face **"are you sure your okey? You've been acting weird lately"** Russia said you just stared at him unwillingly to answer ,he then said **"tell me.."** you just kept on looking at him **"do you like me?"** he says playfully which you nodded without a reason, Russia then blushed full red and immediately stands up and went up stairs, you just layed down on the sofa and covered your face with the sofa pillow and screamed out of embarrassment.

RUSSIA P. O. V

(first time doing something like this)

After seeing Y/N nod I couldn't bare but blush so I just went straight to my room and locked the door.

MIDNIGHT

It has already been midnight and I'm still here awake in my bed just laying down why can't I stop thinking about what happened..

"UGH!! WHY DID Y/N HAD TO ANSWER THAT!.. SHE/HE COULD'VE JUST DIDN'T ANSWER!" I said to myself frustrated **"well I still don't know if she/he means it..but their face when they nodded was so serious they couldn't have been joking... UGH.. I swear once morning comes..ill be asking Y/N alot of questions "**

THIRD PERSON P.O.V

Y/N quickly went down and went straight outside, as soon Y/N arrived outside She/He sees Russia with a very frustrated face, **"when I said quick I mean *quick!!*"** You looked at him straight at the face and said **"well I wasn't the one who went up to someone in the middle of the morning asking to come with them to the market!!"** Y/N pouts and looks away from Russia **"I might as well not come then.."** Y/N starts to walk to the door when suddenly Russia pulled Her/Him and started dragging Her/Him at the side walk **"your such a big baby Y/N.."** Russia said as you just ignored him **"but I'm sorry.."** Russia stopped and let go of your hands, you looked at him confused, **"you can follow me to the market if you want.. But if you changed your mind.. You could just.. Go back to the house.."** Russia says with a sorry look on he's face. Russia then started walking away from Y/N, Y/N started to follow Russia until they were walking side by side, Y/N took a glance at Russia he has a little blush on his face which made Y/N smile a little.

* A FEW MOMENTS PASSES BY*

(they've arrived at the market)

RUSSIA P.O.V

I can't believe she/he actually followed me, *wait why am i getting flustered over this.. I should focus on my plan..ill ask her/him again.. And if she/him changed his/her response then.. It was just a mistake thinking they would like someone like me.* **"RUSSIA!!"** I snapped out of my thoughts and immediately looks at Y/N **"Y-Yes?"** I said awkwardly, Y/N was holding a basket and says **"are we gonna go shopping or are you just gonna stand here?"** I got a little embarrassed and took the basket to hold it **"um.. Let's go shopping"** I said as I awkwardly walk in the market.

Y/N P.O.V

I followed Russia as he starts to look for the things he was gonna buy, *he's been acting really weird cause of what happened yesterday...WAIT.. DONT TELL ME HE-*"**Hey Y/N which do you think is better??**", I quickly got out of my thought and looked at Russia who is currently holding two different kinds of juices, one being orange juice and one being apple juice,*is he asking me?? To pick??,"um..hello?? Y/N??",*I snapped out of my thoughts again "**Y/Yes??** " I said nervously "**uh-which do you think is better?? Apple or orange juice??**",I looked at the two juices that he's holding and thought of what would everyone want?? I don't really know much about the others but I guess apple would work.. (**sorry for those that don't like apple**) "**I think the apple one is good**" I said as I point at the apple juice "**ah-okey then**" Russia says as he put the apple juice at the basket.

TIME SKIP

RUSSIA P.O.V

We walked out the market, and we're now walking back to the house,"*Okey..i didn't get to ask her and.. We're now out of the market.. We got our groceries..now.. All I need is a new distraction..hmm.. What could be a great distraction..oh! Ice cream yes!*", I looked at Y/N who is currently looking at the ice cream shop "*perfect*" "**uh hey.. Y/N?** " Y/N looks at me slowly "*and her/hes cute eyes just stare at me is just.. Okey let's not get distracted*" "**would you want to get some ice cream??** ",I said as Y/N is still looking at me, I'm starting to get nervous about this plan.. "**yeah.. Let's get ice cream**",Y/N says while looking at me with a cute smile on her/his face, I swear I felt my face turn red, "**o-okey let's go get some before we go home**" I said as I walk in the ice cream shop, me and Y/N went in and got a table I've put the groceries on one of the chairs, I looked at Y/N who is looking at the flavors of the ice cream at the moment, I called out to him/her, he/she immediately looks back at me,"**have you chosen the flavor you want??**" I went up to her and I looked at the flavors of ice cream aswell "*ya know to act normal..*",Y/N looked at the ice cream man and says" **I'd want that apple flavored one pls.. And can you plz add some sprinkles.. A little more-**"

I looked at Y/N while she/he tells the worker on what spot to add

sprinkles on which made me chuckle abit,
A few moments pass and Y/N was finally done with her/hes ice cream and.... Sprinkles., the worker looked at me and asked what was my ice cream **"oh.. I'll just have the rocky road one.. "** the worker scooped the rocky road ice cream and putted it in the tiny cup and asked "you wouldn't happen to want sprinkles in this..wont you? " I looked at the worker frustrated and said **"no.. I'm good.. "** ,and I took my ice cream and paid the worker,i walk to the table and I see Y/N literally stuffing herself/himself with ice cream, I couldn't stand but chuckle as I sat down in front of her/him, I grabbed a napkin(**no..not that napkin you pilipinos out there >: (..)** and wiped some of the ice cream on Y/N's face, she/he looked at me and out of nowhere she/he said **"is..this a date?? "** , I swear my face went from being red, blue and white to just red, **"N-No?..Yes?.. Maybe????.. I.. Idk.. "** ,I looked at her/him not knowing what to say, **"this literally ruined my plan!! Damn it...i guess I'll just say it then.. "** , i looked at Y/N with a serious look on my face, I grabbed her/his hand and said **"Y-Y/N..."** I gulp as I took a glance at Y/N who's looking at me straight at the face **"Y/N.. I-I..do like you.. And I was wondering if you'd like to go on a date with me.. An actual date this time.. "** , Y/N's hand suddenly felt hot, I looked at her and I was sure she was blushing..like literally.

Y/N P.O.V

I was so shocked and flustered at the very moment..i didn't know what to say, I looked at Russia with my blushing red face, I was about to answer when Russia suddenly let's go of my hands and says **"I'm sorry..you probably don't even like me.. I'm just gonna be forcing you.. You don't have to answer if you dont-"**,I immediately stand up and gave him a kiss on the cheeks **"of course I'd like to go out with you"** I said with a smile, Russia however pulled me close to him and hugged me , **"r-russia!? W.. What's wrong?!.. "** ,I said panicking abit,**"nothing..nothings wrong at all!.. I'm just so happy!.."** Russia says with a happy tone on he's voice, **"Woah!..its just a date..come on! Put me down!! "** ,I said lauging abit , Russia then put me down and then again holds my hand and looks at me straight on the face,**"that leads me to my**

Japan is right in the corner.. If he finds out about this..your gonna have a rival"** Nada explains,russia looks at Nada with a smirk **"As soon as I ask Y/N to be my girlfriend/boyfriend,hes a goner.. "**Russia says before going up to he's room, Nada sighs and says**"boys..this days.. "**and continues on cleaning the dishes.

BEING ALONE WITH HIM

//hey hey!! Your lazy writer is back!!! Well since I can't post videos at my channel for awhile..I'll just be writing here..anyways lets get to it//

//This is a different countries turn to show affection //

Y/N POV

I woke up once again in the same room at the same place..sometimes im starting to think.. **Am I just dreaming...**but once I walk out the door I see them..and the thing I thought about just goes in the other ear and goes out at the other, but I think it's better that way.

THIRD POV

Y/N walks down to see the others but it seems they are going somewhere, you called out to Russia which he turned quickly by hearing your voice "**what's going on?? Where are you guys going??**" You asked as you walk beside him, he pats your head "***Were just going to deal with some problems on our lands but we will be back at night before dinner..we promise***" you looked up at Russia wanting to come along but he shakes he's head and goes out the door the others following him. You sighed and just went to the kitchen to see Philip there you went up to him and he immediately noticed you, "***morning Y/N we have some eggs that at the table if your hungry I'll just be-***" you cut of Philip by saying "**you going out too..aren't you??**" Philip looks at you and said it's gonna be fine, he then texted someone "***I'll be inviting Japan over to hang out with you since..I don't want you to feel alone here..***" you looked at philip with a bright smile, since it's been so long since you've hanged out with Japan. Ever since he moved to a different house to separate from the others.

...Moments later...

JAPANS POV

I was so excited when Philip told me to hang out with Y/N today, ever since I moved I haven't had enough time with him/her, so this is a great way to get to know him/her.

I have been walking for awhile thinking of what to talk about and I even bought boxed ice cream's on my way there cause I remember Y/N liking ice cream so I had too.

After awhile I finally arrived, I rang the door bell and I heard ***I'm coming!! I'm coming!!*** from inside which sounded different in my head but **GET IT TOGETHER JAPAN-** I was snapped from my thoughts by the door opening and there she/he is, I can't forget how beautiful/handsome Y/N is.

Y/N POV

I opened the door and immediately hugged Japan which he hugged me back very tightly, I told him to go inside and help himself out which he did. He went straight to the kitchen I was watching him from the kitchen counter, he then looks at me and says ***"you know Y/N you have very pretty eyes"*** , I was flustered and told him to stop teasing me and playfully punched him on his shoulder, we laughed for a little bit until he came to me and hugged me again.

He lets go from the hug and looks at me, I could feel his hand moving from my hand to my face, he then gave me a small kiss on the lips.

JAPAN POV

I couldn't help myself, I looked at Y/N before departing from the small kiss she/he just looks shocked and surprised on what I did, I couldn't hold my embarrassment and tried to run to the door but I was stopped with Y/N holding my hand.

"I'm sorry!! I don't know what came to me!!!" I said as I sit on the floor and bowed down, I then felt a pat on the head ***"it's alright jap..no need to worry about it.."*** she/he said right after she/he held my hand and told me to get up.

We just decided to watch a movie while eating the ice cream.

THIRD POV

After a few hours passed by the others finally arrived at the house which they found Y/N and Japan sleeping on the couch and more on cuddling each other, everyone feels Russia's hiss at the back so they all decided to pull him to his room before he does something bad to Japan.

A few more hours passed by when Y/N and Japan woke up, they both looked at the time and see it's the middle of the night. Japan had to go home, Y/N opens the door but before Japan could go, she/he pulled him down and kissed he's cheeks **"Thank you for hanging out with me today..I had fun, except the kitchen part"** Y/N said as she/he chuckled, Japan smiles with a blush on he's face and starts walking beyond road.

Y/N POV

I was about to go to my room when I saw Russia sitting on the middle of the stairways, he looked at me ***"was it fun?? Hanging out with some other country behind my back like that"*** he said with a serious face, I looked at him in confusion since there was nothing between me and him we aren't like together but..I did confessed to him so I see where he's getting the attitude. **"We were just hanging out nothing happened..now get out of the way..I'm tired"** I said as I walk towards him.

He then held both my arm and pinned me on the wall-

//Cliff hanger???? Maybe.. but hoped you liked this and THANK YOU SO MUCH FOR THE SUPPORT!!!//

ARGUMENT

(well then..im back..i guess..not fully though..but here I am with a story idea, let's get right on with it)

(slight lemon)

(not really..)

RUSSIA POV

I was just glaring at Y/N as she/he tries to free himself/herself from my grab, **"now tell me..did something happened between you and Japan??"** I said with an angry tone of voice, ***"I said already!! Nothing!!"*** Y/N looks at me with a slight anger on his/her face. I then pulled him to the living room and pinned him down on the sofa, **"I want you mine Y/N..and you know Japan also likes you..now be nice and tell if there something happened.."** as I said this I looked at Y/N who currently is tearing up.

Y/N POV

I was both scared and angry at the same time..but mostly scared..cause I don't know what he'll do to me, he keeps on saying tell him if something happened as if he saw what happened..all that happend was Japan kissed me..that's all..**"I want you mine Y/N..and you know Japan also likes you..now be nice and tell if there something happened.."**

He was still looking straight at me saying this and I had enough of it my eyes are starting to tear up..so I decided to tell him but once I was about to tell him, he forcefully kissed me, I could feel his tongue trying to enter mine but I tried my best to not let him just win like this, but then he did win and i could feel his tongue roaming around my mouth. I could feel myself kiss back to him as if he's controlling my mind.

A few moments pass and we broke from the kiss I could see the saliva still connecting us..after this he gave me kisses from my neck to my cheeks and he tried going down, ***"stop!! pls!!"*** I yelled at him and he looked at me as if he can't hear me he kept going and going,

while he was doing this I was struggling for freedom, then we heard someone going down the stairs. Russia immediately let's go of my hands and sits down like nothing just happened.

RUSSIA POV

Once i heard the footsteps I immediately let go of Y/N and just sit down like it was just nothing, I looked at Y/N and I see him/her doing the same thing, **"Why are you guys up late at night??"** we looked at where the sounds coming from and we see Philip awake I asked him why he's also awake at this time. He just scratched he's head and said **"ame is snoring alot..so yah.."**

I chuckled, I know that feeling..one of the reasons I left ame was that..well time to move away from ame..i have Y/N now, **"well..thats abit accuret.."** I said, I see Phil look at Y/N and immediately he came close to him/her ,**"Y/N! Shouldn't you be sleeping now? Come on..lets go to your room..also I hope you don't mind me sleeping with you for tonight it's just ame is really bugging me"** he says as he walks up the stairs with Y/N.

I just sit there..thinking of what I did..and why I did it..would Y/N hate me..was I being overprotective..ugghhh..why am I an idiot when it comes to love.

(well well well!! I got nothing actually but yah! Sorry this one's a short one since I have lots of homework...and UwU)
